Assessor James Woolery has begun the annual assessment. He finds the lists about the same as last year, and fully as many dogs. The assessment last year after being revised by the board of supervisors, amounted to nearly a million dollars, and it is thought that even this amount will be exceeded this year, reaching at least \$1,000,000.00.

Mrs. S. M. Hamman, of this city has returned from Indiana after a delightful visit with her children. They all met at her daughter's Mrs. Em Weaver's in Danville to see her on her return. Those present were, Mrs. Sarah Shearer, Mrs. Susan Wills, C. B. and George Hamman. Mrs. Wills returned home with her mother.

At the regular meeting of the City Council last Wednesday night besides the regular routine of business the election of a new member of the Council to take the place of Dr. B. Littlepage, deceased, came up. Tom Edge was elected to fill the vacancy.

Miss Kate Daniel returned this week from a three weeks visit to relatives in Madison county.

### Clay City Boy Suicides.

A special from Washington Sept. 5, says:

"Married on Tuesday, suicided on Wednesday, is the record of Alvin Maupin, formerly of Clay City, Ky., who drank carbolic acid in Annapolis last night with fatal effect.

Maupin enlisted in the navy three years ago. He was a fine young seaman, was soon made a yeoman and stationed at Annapolis. There he met Miss Ellen Curran. Tuesday morning they were married, and a few hours after Maupin received orders from the Navy Department to go to Nashville, Tenn., for recruiting duty. Rather than be separated from his young wife, who could not accompany him, he decided to kill himself. Maupin wrote these facts in a letter found in his room.

Mupin was a son of Boone Maupin of this city and was here two years ago visiting his father, who is now sorely grieved at his son's death.

### Wants New Road.

Application will be made at the October term of County Court for the opening of a county road from the forks of the Spout Spring road at the James White place two miles south of the city, to intersect with the Snow Creek road near Powell's Valley. There is already along this route a narrow lane road. The object merely is to widen the road and have hands assigned to keep it in repair. This road connects the two highway bridges over Red river in this end of the county and admits travel from parts of Powell and Estill counties without interruption by high water and by but coming slightly further over this new road proposed.

### Large Pay Roll.

The L. & E. pay car rolled over the road Tuesday. It was surprising to see how many hands received their pay at the Clay City station. There were about sixty men paid for their wages here, the price ranging from \$40 to over \$100. There must have been paid in all about \$2,500, or an average of about \$100 per working day. While the freight and passenger traffic in Clay City amounts to much for the railroad company, the railroad's pay roll is a great help to the town's business.

### Attempted Assault.

At her home in Mt. Sterling Tuesday night, as Mrs. George W. Rice, formerly of this city, was preparing to go to bed a negro entered her home and perpetrated an assault. After desperate scrambling Mrs. Rice released herself from his clutches and fled to a neighbor's house and fell on the front porch completely overcome by the shock and altogether unconscious. She was revived after much difficulty.

### School Opened Monday.

The City Graded School opened Monday morning with all the teachers present and 125 pupils enrolled. With a good set of teachers and a fair enrollment

the prospects for a good school year were never brighter. The teachers in every room are persons of wide experience in their profession.

J. E. Niblack, who moved to Irvine last April has moved back to his property in Clay City, and seems very glad to be at home again.

## ANNOUNCEMENTS.

### For County Clerk.

We are authorized to announce CHAS. E. WEN candidate for County Court Clerk, subject to the action of the Democratic party.

### For Jailor.

We are authorized to announce JOHN P. GAYLORD candidate for Jailor, subject to the action of the Democratic party.

### Judge a Tree by Its Fruit.

The financial statement is always the surest test of the efficiency of the management of any institution. Applying this test the people of Kentucky have every reason to be satisfied with the results of Democratic administration. When the Democratic party assumed control of the State's affairs in 1900 there was a bonded indebtedness and unpaid claims of \$1,400,000, with a deficit of \$147,000 in the school fund, making a total of \$1,547,000 for which the State was liable and only \$363,334 in the treasury. In other words there was approximately one million and a quarter on the wrong side of the ledger. The State was in debt to this extent.

Auditor Hager declares that on the first of January next, after having built the new capitol and paid for it, and met every other obligation of the State there will be in the treasury a surplus of one million and a quarter.

In eight years of administration the Democrats have paid off a million and a quarter debt left by the Republicans, built a new capitol, the total cost of which will approximate a million, appropriated nearly \$400,000 for the improvement of the State asylums, appropriated to State College \$228,500, appropriated for penitentiary improvements, \$166,615, for the Confederate Home, \$195,320 and for the Children's Home Society, \$55,000.

This has been accomplished with a tax rate of 2½ cents less than the tax rate under Republican administration, and the Democratic candidate for Governor now pledges himself to recommend in his first message to the Legislature a further reduction in the tax rate of 10 cents, which will give to Kentucky the lowest tax rate she has had under the present constitution.—Lexington Gazette.

A year ago wheat sold at 70 cents on the Chicago market. In May following it sold at more than \$1.00. Speculators are trying to work the same game this year. They'll catch the weak kneed dumpers, but there's fewer dumpers each year.

## Notice.

All persons knowing themselves indebted to Dr. Littlepage for medical treatment or otherwise are requested to come forward and settle same with me at once. Mrs. B. Littlepage.

## EVERYTHING READY.

Kentucky State Fair Begins Next Monday, Sept. 16.

Entries of Live Stock Break Records for a State Fair in the South.

Many New Amusement Features Added to the Week's Progress.

The Kentucky State Fair management has announced that the final touches on Churchill Downs, getting it in shape for the State Fair, which begins next Monday, Sept. 16th, had been made. A large force of carpenters have put in two full weeks building additional sheep and hog pens and fitting tables in the buildings where the exhibits of horticulture, vegetables and melons; field seed and grain, tobacco, woman's work, table luxuries, etc., will be shown.

The owners of Churchill Downs at Louisville, where the State Fair will be held this year, turned over to the State Fair management the entire plant, with 850 stalls in modern stables, free of all cost, the Board of Agriculture only being required to put the grounds back in the condition they were found.

Taking the entries that have been made up to a week before the opening of the Fair, as an indication, practically every one of those stalls will be used. The display of horse flesh, all kinds of cattle, sheep, swine, mules and jack stock, will be in keeping with the State Fairs of commonwealths that have supported these institutions for a quarter of a century. The poultry and pigeon department and the Collie Dog Show give quite as satisfactory promise, while the other departments are certain to fill to capacity.

Turning from the educational feature of the Fair, to the lighter vein, the State Fair Management announces that the amusements will be far beyond the best of the kind ever seen in Louisville. These will include Pain's \$100,000 fire works spectacle and the eruption of Vesuvius; Captain Roy Knabenshue, personally in his airship; balloon races, an Igorrote Village, direct from the White City of Chicago, Mundy's trained wild animal show, etc.

The racing program of the week will be especially attractive. There will be trotting, pacing and running races, in addition to automobile races and the balloon races.

The railroads have made a rate of one fare for the round trip to Louisville, tickets going on sale Sept. 14, good returning until the 23. The freight departments have announced that exhibits will pay full tariff going to the Fair, and will be returned free, if ownership is not changed.

As there is to be a big night program every evening during State Fair week, it is believed that many visitors will come to Louisville to spend at least two days and a night. In this connection, it may be announced that Louisville's hotels and boarding houses are ready to entertain thousands, and the rates will not be advanced.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

From what we can learn Sun Bros. show was rather roughly received at Beattyville. The saloons will not close there until about the first of the year.

L. A. West, former County Attorney of Estill, and his father-in-law, P. L. Hume, a prominent horseman of Irvine, have recently moved to California.

Heavy rains have continued to fall this week, keeping all vegetation green. It is feared that much of the corn, all of which is still green, will be greatly injured by frost.

P. D. Todd, who recently purchased the James White Place of J. R. Todd heirs, is repairing the dwelling and will otherwise greatly improve the place before he will move.

E. C. Kimbrell, a former resident of this city lost all his household effects and dwelling in Salt Lick by fire Sunday September 1. No insurance. Mr. Kimbrell's loss falls quite heavily upon him.

Green Snowden and Sherman Robins, of Miller's Creek were guests of Jas. G. Rogers Monday. They were on their way to Greenup, Ky. to attend the Methodist Conference which convened there Tuesday.

### Lost and Found.

Lost, between 9:30 p. m., yesterday and noon to-day, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at Swann-Day Lumber Co.'s store a box of Dr. King's New Life Pills, the guaranteed cure for biliousness, malaria and jaundice. 25c.

### Is this Fair?

The manufacturer of an article figures on what it costs to produce it, adds a per cent. for profit and deterioration of plant, and then sets the price at which he will sell the article. The farmer buys his seed, fertilizers, etc., hires labor which costs him more each year, works hard all summer, and then hauls his crops in to town and asks for some one else to name the price at which he must sell.

### Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. #### Ganderbone's Sept. Forecast.

(COPYRIGHTED 1907 BY C. H. RIETH.)

The old school bell is soon to ring, the poets all arise and sing, the frost will soon displace the dew, and the wind jamb through the peek-a-boo. Untutored youth, with tears of brine, returneth sadly to the mine, and the new schoolma'am prepares to whack the bad boys where their pants are slack.

The football player lets his hair fall into autumn unrepair, And the more athletic college cops

The students with the largest mops.

The moon will be full on the 21st, and the password for the month will be "Soak Standard Oil." Everybody will run a little harder for President. Mr. Bryan's smoke will continue an interesting spectacle. Mr. Roosevelt will drop a wasp into the hip pocket of Mr. Taft, and that laggard will move up a couple of places in the race. Mr. Fairbanks will continue to pass the grandstand every seven seconds sucking buttermilk with a nipple, out of his pneumatic shirt front. The war with Japan will sleep fretfully, and Uncle Sam will sit by the cradle crooning soft lullabies and giving paregoric with a funnel.

The coming county fair is billed, The big prize hog is corned and swilled

The pumpkin that will lift the prize

Is watched with proud and hopeful eyes,

And the family mare to win the pot

Is training for the county trot.

The autumnal equinox will come in on time on the 24th, and Mr. Harriman will absorb all water that falls to use in floating stocks for development of our great natural resources. The Standard Oil Company will place a twenty-year 4 per cent mortgage upon the earth and will pay the \$29,400,000 fine imposed by Judge Landis. Senator Beveridge will end his honeymoon abroad and return to the affairs of the Republic, which will restore that feeling of security.

The summer girl—romantic thing!—will homeward come upon the wing and show her neighbors for a week where some man bit her on the cheek. The freckles on her arms (and legs?) resemble those on turkey eggs, and the neighborhood will bet ten per the men were only joking her.

The lucky wives of millionaires Will put up jam and pickle pears, But the most of us, denied these boons, Will pass the winter full of prunes.

Some red hot sealing-wax, a-lack, will fly down Nancy's tender back, exploring where the flesh is bare, and three shrill screams will pierce the air. The men, a-washing at the pump, will hasten thither on the jump, but Nancy, 'mid the fruit o'erturned, will not divulge where she is burned.

President Roosevelt, fresh from Oyster Bay, will issue on the 20th a proclamation officially opening the oyster season. Turnips and football players will run to tops. White duck trousers will begin to migrate. A comet will make one-night stands in the northeast sky. The weather and politicians will become very agreeable. Nature, which has been in the nude for the outdoor summer painting season, will put on a thin gossamer, and the Corn Huskers' Union will promulgate a new wage scale

by which they will get the corn and the farmer the husks.

The boys on Saturday are loose To stain their hands with walnut juice,

The cider swollen apples drip, The pig squeals for a morning nip,

And the billy goat, by Autumn cheered Lets cool winds frolic with his beard.

Summer excursion tourists will come home in a chair car with their skull grass full of carbon mites, the aisle full of braided legs, and the saw-tooth chair back embossing the name of the railroad on their spines. The Big Dipper will appear in the heavens upside down, which will encourage Prohibition to resume his war paint and extend the booze drouth. John Barleycorn will return to his guns with a Booker Washington tint under both eyes and his pants torn, and the Kentucky Colonel will toss in his mint bed while Carrie Nation rides a nightmare through the windows of his boudoir.

The cotton fields with boll and stem

Are beckoning to dusky men, And soon from cotton seed we'll build

The pure, imported olive oil.

The Greeks began their year in September. Our Labor Day was their New Year's Day. They did this because their families spent the summer at the seashore at considerable expense, while the men played poker at home at even more expense. This left the Greeks badly in the hole, and the only way they could get out was to have the new year begin September 1st and swear off drinking and smoking at that time. This enabled them to save in September what we save in January and was a much better plan than ours.

Cheer up, cheer up, the summer's o'er, the piping quail is up at 4, September sweet is on the job, and the green corn ripens on the cob.

October crisp will soon be here With softly-falling leaf and sere, With frosty morn and hunter's moon

And pumpkin pie, not yet but soon.
